MEET THE BREEDS

Once again KSSC members have stepped up to represent standard schnauzers at the AKC Meet the Breeds weekend at the Javits Center in NYC on November 19th and 20th, 2011. This year we have two crews of schnauzers and there people acting as ambassadors of the breed.

Saturday's crew consisted of Max and his people Glen & Ann Belostock, Toby and his person Karen Hughes, and Misty & Lucy and there person Barbara Saylor. This crew provided the crowd a good look at the standard schnauzer in salt and pepper color. Misty is a veteran of the show ring and a great example of what a wonderful family member a schnauzer can be. Toby is a very handsome and typical wildly happy American bred schnauzer. The equally handsome Max represented the European style standard schnauzer with natural ears and long tail. Schnauzer puppy Lucy, so cute that you want to take her home, had a blast soaking up quality socialization time.

Sunday's crew represented both black and salt and pepper standard schnauzers. This time Leona Mintz, Joe Smela, and Phyllis Erwich brought the family out! Proud mommy Vilda and her adorable puppies Tinkerbelle and Ethel were surely a crowd favorite. Vilda's family gave people a great opportunity to see how similar and different parent schnauzers and puppies can be. Ryan, owned by Bill Heidel, provided the crowd an opportunity to hang out with an accomplished veteran and loveable friend.

The Meet the Breeds event is a perfect opportunity for a potential owner to gain the knowledge required to decide what breed is right for you. You get a chance not only to see and interact with the adorable little scruffy faced puppies, but also the fully matured schnauzers they will grow into. You also get to talk with people that have their first schnauzer or have owned many schnauzers for many years. Thanks to our members! Maybe you and your schnauzer(s) can take part next year! Hope to hear more from our participants about the event.

RESCUE

Back in October the KSSC was notified of a standard schnauzer in need of rescue. This time it was a 9 month old male, with uncropped ears and docked tail in located CT. Thankfully he was adopted!

BRAGS! BRAGS! BRAGS!

Oakwood Sweet Mischief, RN
